

Striedinger consulting GmbH es una empresa con sede en Viena, que goza de mucha experiencia en el ámbito del reclutamiento de personal y de empleos. Tras más de doce años de actividad exitosa, Striedinger consulting S.L. hoy se centra en la mediación de especialistas TIC y en tecnología a nivel internacional. Actualmente estamos buscando para un cliente nuestro a un:

Senior Analog Design Engineer (m/f) - Automotive

City, Country: Graz, Austria

Experience: 5 - 10 years

Your Tasks:

As Senior Analog Design Engineer within our Business Unit Automotive you are responsible for analog IC-design and subsystem design. This includes:

- translation of customer- and functional requirements into blocklevel architectures
- blocklevel and/or sub-system design specification incl. validation, test and EME/EMI concept
- modeling on IP- and subsystem level
- coaching of design implementation tasks
- implementation of critical design blocks
- specification of design verification (verification strategy, testbench setup, AMS verification)
- testconcept definition for parametric and functional tests (production test and device diagnosis)

Your Profile:

You can provide a university degree in Electrical Engineering or similar. Furthermore you have/you are:

- 5+ years of practical experience in analog and/or mixed signal integrated circuit design
- expert knowledge on circuit design in CMOS process technologies
- knowledge on circuit design in SOI technologies beneficial
- solid analog modeling skills (VerilogA, AHDL or similar)
- solid knowledge on device physics (incl. parasitics)
- knowledge on requirements development
- up to date with state of the art analog DfT concepts
- solid English and willingness to learn German
- ability and willingness to coach junior designers

Salary:

This position is remunerated with an annual minimum gross salary of € 53.000,-. Depending on experience and education higher remuneration is possible. Moreover, we provide attractive benefits to our employees.
