Company description :

EUROCONTROL, the European Organisation for the Safety of Air Navigation, is an intergovernmental organisation made up of 40 Member States and the European Community.

Today, together with its partners, EUROCONTROL is committed to building a Single European Sky that will deliver the ATM performance required for the 21st century and beyond.

Founded in 1960, it is a civil-military organisation that has developed into a vital European repository of air traffic management (ATM) excellence, both leading and supporting ATM improvements across Europe.

Some 2200 staff members work for EUROCONTROL, spread over four European countries. EUROCONTROL's Headquarters are in Brussels. A four-state air traffic control centre is based in Maastricht , our experimental centre in Brétigny-sur-Orge (France) and our training institute for air traffic management (ATM) professionals is in Luxembourg.

Job description :

The EUROCONTROL Graduate Programme offers graduates three years of hands-on work experience with excellent prospects for making a career in ATM.

While on the programme, you will work in three different business areas of the Agency, giving you the opportunity to develop your competences and acquire a range of expertise in the field of air traffic management.

At the end of the programme, high-performing graduates will stand an excellent chance of becoming a staff member and pursuing a challenging career in a multicultural intergovernmental environment

Required profile :

To be considered for selection to join the programme, you will need to:

* Have recently graduated with a Master degree (graduation date in or after 2012) in:

Human resources

* Have an excellent academic track record and/or proven extra-curricular achievements.

* Have maximum of two years work-experience after graduation at the closing date of the competition.
