

TECH TALENT CASE CAMP '14

Are you an engineer or IT specialist looking for career opportunities in a new, exciting environment?

Here's a unique opportunity for you to take your career to the next level in Denmark. If you have what it takes, you could be one of the chosen few on Denmark's "Tech Talent Camp 2014". This will give you the chance to test your skills in five high tech companies looking for new talent.

About Tech Talent Case Camp

The camp is limited to 20 participants, so competition will be tough. Teaming up with other participants, you'll get to test your skills on a project at one of the five companies.

Cultural events

The Tech Talent Camp is more than just hard work and networking. It takes place during Odense's Hans Christian Andersen Festivals, so the city will be bursting with life. There'll be concerts, art exhibitions and other exciting events and activities for you to enjoy.

Who should apply?

Recent graduates and experienced engineers (IT, robotics, software, mechanical, electronics), computer scientists, web developers and GIU programmers (front-end). Applications are open to any nationality.
